

Curriculum Vitae

Core Competencies

Debriefings
Team processes
Human factors and patient safety
Incident reporting

Vitae

since 2015 Risk manager, University Hospital of Zurich
since 2014 Project manager „Debriefings as Enabler for Learning in Ad-hoc Action Teams in Healthcare“
2014 Instructor course for simulation based team trainings in healthcare
2014 PhD in Psychology, University of Neuchâtel
2013 Visiting scholarship at the Schulich School of Business (Prof. Mary Waller), York University, Canada
2010-2014 Research assistant, Institut de psychologie et de travail (IPTO), University of Neuchâtel

Publications

Seelandt J. (in press). Quality Control: Assessing Reliability and Validity. In E. Brauner, M. Boos & M. Kolbe, (Eds.), *The Cambridge Handbook of Group Interaction Analysis*. Cambridge: Cambridge University Press.

Research focus

Debriefings after simulation based team trainings and in the clinical setting

Teamwork, group processes and communication in medical teams
